ACORN USER

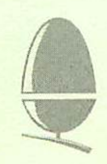

ESSENTIAL SUPPLIER INFORMATION GUIDE

GREEN PAGES

SUMMER 1997

£1.95

CONTENTS

From the Editor

Welcome to the Acorn User Green Pages, the definitive guide to software and hardware suppliers in the Acorn market.

The leading-edge technology of Acorn computers has recently begun to set the world alight with NetComputer designs and the power of the StrongARM Risc PC.

The software produced by Acorn third-party companies, is designed to complement the power of Acorn's RISC OS computers and create superb low-cost products that give you productivity tools that are second to none.

Within these pages you'll find the software that you need to make your computer tasks that much easier, and supplied with a quality of service that will give you unbeatable support as long as you need it.

Using an Acorn RISC OS computer makes your work so easy, enjoy it.

BUSINESS / DATABASES / DEALERS

BUSINESS

Apricote Studios 01354 680432

*For the best in accounting software please contact us today and ask for details of our award winning small business accounts application – **Prophet3**. If you need a program for home or club accounting then **Personal Accounts** should suit the bill. Demonstration copies of both programs can be downloaded from our Web pages.*

Colton Software 01223 311881

*We specialise in productivity tools for both Acorn and Windows platforms. Our current Flagship is **Fireworks Pro**, providing true live integration between word processor, spreadsheet and database work – all sharing the same easy-to-learn and use interface. The classic **PipeDream 4** has recently been revised for StrongARM.*

Siren Software Systems 0121-459 3333

Siren are developers of quality software for Acorn machines. We have considerable experience developing RISC OS applications and have produced a number of specialist software systems for use in industry.

StrongARM Systems 01761 472072

Provides products and services for cognitive assessment and rehabilition. The mainstay products are a suite of programs developed especially for cognitive rehabilitation for head injury survivors. This software has also been successfully used with stroke patients, geriatrics, children with and without learning disabilities, and Alzheimer's sufferers.

Themis UK 01883 330333

If you want to save money on printer consumables, inkjet/bubblejet, lasers and dot matrix call Themis on freephone 0800 376 8980. Themis have an extensive range of compatible and original cartridges.

DATABASES

Circle Software 01208 850790

*Established in 1981, we produce THE relational database for RISC OS. **Impact** is a modern, fully relational database designed for use by busy office staff, pupils, and professionals. It has a short learning curve. There is no language to learn, and its presentation conforms to familiar desktop standards.*

Iota Software 01223 566789

***Datapower** is a user-friendly DTP-style database. It has been extensively tested in both the classroom and in regular office use. Datapower has been carefully designed to be easy-to-use while still incorporating all the powerful features you would expect from a top database. This ensures that as an experienced or inexperienced user, you can be up and running quickly with full control over your data. £149+VAT. Site licences available.*

DEALERS

8-Bit Software 01482 896868

8BS is a posted user group and public domain library supporting all the needs of BBC and Master owners with a regular disc-based magazine, a huge library of PD software and on extensive stock of second-hand equipment and software. Send £1 for introductory disc, state HADFS, ADFS, DFS, 5 1/4in or3 1/2in.

A J S Computers 01245 345263

One of the first Centres of Technology specialising in trade-ins and upgrades for memory, hard drives, monitors, CD-ROMs, printers, and of course computers. WebSpider is an easy-to-use editor for creating pages for the World Wide Web, which works just like a traditional DTP or wordprocessing package.

The complexities of maintaining links between your website files, converting graphics etc are performed automatically, and there is no need to learn web jargon, freeing you to focus on the design of a really attractive and effective website.

Due to Dalriada's long experience in DTP, WebSpider comes to you at an extremely competitive price, and with all the interactive design expertise only an established DTP software house can bring.

- Links are automatically update as files are renamed, moved, etc
- Graphics converted automatically to Internet formats
- Complete with website management, sub-directories etc
- Easy-to-use drag-and-drop linking and point-and-click editing
- Tabling, imagemap etc tools included
- Comprehensive professionally printed manual with design hints

WebSpider is only £40 until 31st August 1997, then just £60.

TableMate Designer

TableMate Designer is the latest generation of Dalriada's flagship DTP utility - offering extensive features to create stunning tables instantly!

- Variable fonts inside cells
- Super- & sub-scripts, bold, italic effects
- Export/Import HTML tables
- Global cut-and-paste
- Named styles and colours

Only £60 (£45 for Impression Style & Publisher users).

32-bit MIDI Sequencer

MELIDI

• 32-track pattern based • Powerful • Flexible • Easy to use drag & drop •
• Controller maps (e.g. tempo and velocity) easily alterable by drawing with the mouse •
• Patterns can be linked to reflect changes made to other patterns •
• Handles System Exclusives • Multitasking playback • Supports any MIDI interface •
• Up to 64 MIDI channels • Demo disc available • Further details on request •

"I do like the way that MelIDI detects the type of Controller command you are sending. MelIDI is a joy to use and is a lot more flexible and user friendly than any other MIDI sequencer that I have ever used. A great bit of software!"

"MelIDI's pattern handling is lovely - much nicer than a separate window which forces you to be aware of the pattern nature, even if you don't want to be. MelIDI is very neat."

"I'm still finding my way through MelIDI but the combination with the [Yamaha] MU10 seems really amazing."

"Also, I love the drag'n'drop facilities of MelIDI. From rearranging the drum list to moving patterns, it's just so beautifully intuitive and elegant, and extremely impressive ."

"Very classy. Very good, clear manual"

"This is clearly the best and most comprehensive sequencing package available on the Archimedes. I was impressed by its clear and straightforward user interface, it is both intuitive and accurate. A pleasure to use. At last we have something on the Arc to rival Cubase and Cakewalk, it's about time!"

"Can I first of all say that MelIDI is a brilliant program far ahead of anything available on the Acorn! Keep up the good work!"

Scottish Schools Equipment Research Centre 0131-558 8180

SSERC has produced quality Draw graphics since 1988 to build a vast library for science and technology education. All drawn to scale, searchable by keywords and using the same style throughout, the graphics are "a science teacher's dream" (TES April 1997). Call us now to save TIME, MONEY and SANITY!

SEMERC **0161-627 4469**

Produce a range of educational software for primary schools, including the award-winning ***My World, Dazzle*** *and* ***Pages****. A range of hardware solutions include the unique* ***Touch IT*** *touch screen,* ***Mouser II, Semerc Roller Tracker Ball*** *and* ***Semerc Roller Joystick****.*

Serious Statistical Software **0151-327 4268**

Provides access to statistical facilities unmatched by other packages. Our products provide the widest range of statistical features, including presentational graphic output. Quite apart from applications in teaching, they reduce comprehensive analysis of school performance data to relatively simple tasks (and instructions are included to this end). Loan copies and advice are freely available.

Sherston Software **01666 840433**

Leading publishers of educational IT products to support nursery, primary and secondary-aged children. A free 28-day approval service is available to education establishments and orders are accepted by telephone, post and fax. Contact Sherston now for a FREE copy of their latest Acorn software catalogue.

TAG Developments **01474 357350**

One of the fastest growing educational software educational software publishers in the UK specialising in the development, training, publishing and distribution of high-quality learning materials for education. We are currently working in close collaboration with many leading software and hardware companies and our close links with the NCET and SCET keep us in constant touch with the real needs of teachers and children working in today's busy classroom.

Topologika Software **01326 377771**

Has been producing educational software since 1987, and won the Gold Award at Bett '95. Produces software for early learning; primary; secondary; maths/English and music. Free demos of many titles by post or from our Web site. Colour catalogue on request. Most titles available to educational institutions on 30 days approval.

Uniqueway **01222 464020**

Xemplar Education agents for Swansea, Neath and Port Talbot, Rhondda Cynnon Taff, Bridgend, Caerphilly and Merthyr Tydal. Contact us for all your educational needs. We offer both Xemplar and Acorn finance schemes for teachers wishing to purchase Acorn computers.

Xavier Educational Software **01248 382616**

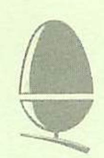

Produces a wide range of programs designed to assist in the acquisition of early literacy skills, from alphabet familiarity to computer spelling patterns, rhyming skills and speech therapy. The programs have been specifically tailored to be of benefit to the dyslexic pupil and are available on 28 days approval.

Xemplar Education **01223 724724**

Launched in April 1996 and is a joint-venture company formed by Acorn Computer Group and Apple Computer to develop information technology solutions for the UK schools market. Xemplar supplies educationally tailored solutions including Acorn RISC OS and Apple Macintosh desktop and portable solutions, software, services and peripherals.

YITM **0113 243 8283**

Provides quality multimedia products for both the educational and consumer markets. Building on the excellent reputations and phenomenal resources of both Yorkshire Television and Thomas Nelson, YITM is committed to the educational sector, providing innovative, high-quality multimedia that serves the needs of teachers and pupils alike.

ENTERTAINMENT / GRAPHICS

ENTERTAINMENT & LEISURE

4th Dimension 01624 836744

*With recent releases like **The Real McCoy** 5 and 6, **Logic Mania** and the much acclaimed **Drifter**, the 4th Dimension, are back to the fore in Acorn games publishing. Add to this the distribution of software by 10 out of 10, Superior and Oregan and the future for 4thD certainly looks promising.*

CD-Circle 01934 522 880

A user group for all owners of Acorn computers with CD-ROM drives. Benefits of membership include discounts on a wide range of CD-ROMs and all IMS software. Members receive a quarterly disc-based catalogue. Annual membership is £10 – for a sample catalogue send two first-class stamps.

The Datafile 01205 354203

At the Datafile we can supply you with a vaste amount of public domain and shareware on CD-ROM and floppy disc. We are also suppliers of Tony Nash Fonts which are of the highest standards and unique to the Acorn marketplace.

Generation Design 01258 452507

14 DAY HOME TRIAL. We will send you our latest five quality budget games for you to try in the comfort of your own home. The games are mainly family-orientated with built in options for the more hardened games player.All games work on any version of RISC OS.

KeySoft 01925 730201

Probably one of the most successful, yet least known, of the Acorn software houses. Since 1983 we have produced some of the best-selling Acorn games. Having now broken our ties with the third-party publishers we will be releasing a new range of products from July 1997.

Modus Software 01236 722202

*Publishers of superb games. **High Risc Racing** is fast furious and fatal. A plan-view car racing game with 40 exciting levels. RRP £25. **Last Offence** is an action-adventure game. Fast and superbly animated with stunning parallax scrolling. RRP £30. Send SAE and disc (2xDD/1xHD each) for demos. State computer specifications.*

Pro Action

*If you thought the 32-bit entertainment market was dead, think again. Pro Action can offer Risc PC and Archimedes versions of the Superior Software catalogue, plus we have a busy schedule for future releases. **Frak, Zalaga, Repton** and **Ravenscull** are out soon, or there's the BBC stuff. Write for details.*

Soft Rock Software 0117 949 1634

Budget games for your Acorn Risc PC .... So cheap the prices can't be printed in this advert for fear of causing shock reactions! Your best bet is to write for details to Soft Rock Software, FREEPOST (BS7978), Westbury-on-Trym, Bristol, BS10 7BR, The price list will be gentle with you!

Topologika Software 01326 377771

*Remember AcornSoft? Some years ago we released extended disc versions of their classic text adventures: **Philosopher's Quest, Countdown to Doom, Acheton, Kingdom of Hamil** – and added new titles such as **Murdec, Last Days of Doom**, and **Avon**. While stocks last, complete your collection now. Free catalogue.*

Warm Silence Software 0585 487642

The RISC OS specialist for emulation software. Our 6502Em and Z80Em emulators for the BBC and Spectrum range of machines have been hailed as being the best around. Anyone with an interest in backwards compatibility or in reliving old glories with games from years gone by cannot afford to miss these.

Werewolf Software 0181-467 1138

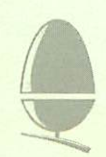

*Producers of quality software for the Acorn range of computers. We specialise in marketing games, and our titles include **Tanks, Shuggy** and **Sheep Racing Deluxe.** Please contact us for full details about our range of products. Please note, information is available from our Web site.*

GRAPHICS AND MULTIMEDIA

Akalat Publishing 01582 881614

*Publishers of **Acorn Publisher**, a bi-monthly magazine for all those interested in desktop publishing, design, and graphics, plus multimedia and Internet publishing. This highly readable magazine caters for professional and*

For full company details see index on page 28

non-professional alike with an emphasis on high-quality practical information. Akalat Publishing are also suppliers of books on all aspects of dtp, design, typography and the Internet.

Birdtech 01493 600966

Practical services for Acorn users since 1990, for individuals, business and schools from a three-inkjet colour printing to multimedia production. ***Disks+*** *discs such as ZIP100s with a range of software having the advantage of being able to hold large file sizes, video formats etc. Hardware and software sales. Acorn authorised dealer.*

Computer Concepts 01442 351000

Artworks *is the most popular drawing software in the Acorn market. We also offer a range of complementary products, including some third party ArtWorks tools to extend the features of ArtWorks, clip-art CD-ROMs, Wacom graphics tablets, graphic format loaders, printers and TurboDriver printer drivers.*

Desktop Projects 0161-474 0778

QuickShow *– simple and easy-to-use slide-show presentation package. Create frames containing text of any colour with drop/outline shadows, and rub-out boxes using the RISC OS fonts. Includes (Mode 15) sprites in frames and position and resize as necessary. Links multiple frames together with the sequencer with fades between frames. Convert completed sequences into standalone applications. Requires 2Mb RAM and a hard disc recommended. £12 inc VAT.*

Desktop Projects 0161-474 0778

TopicArt *CD-ROM contains all our TopicArt clipart (2,000 images) and is provided in three formats: Draw, ArtWorks and Corel3 EPS. The ArtWorks files in many cases are enhanced versions of the Draw format and the Corel3 EPS version allows the images to be used in the PC environment. The CD-ROM also contains many demonstrations including high quality Replay movies, RenderBender demos and some digitised images. £15 inc VAT.*

Innovative Media Solutions 01934 522880

Our publication readers allow you to run PC CD-ROMS on the RISC OS platform – with no PC card or sound card! High-quality titles from respected companies can now multi-task on your Acorn's desktop. (Requires RISC OS 3.1, ARM3, 4MB RAM) Please ask us for details and a catalogue.

Iota Software 01223 566789

Complete Animator *is an all-round, easy-to-use animation package that is suitable for all ages. You can use it to create all forms of animation from colourful annotated moving diagrams as part of a multimedia project, to fun cartoons or animated presentations. £84.26+VAT. Site licences available.*

Irlam Instruments 01895 811401

We specialise in multimedia products including scanners, digital cameras, audio/video digitisers and non-linear video editing systems. Complete colour scanning packages are available from hand-held to professional A4 flat-beds. Video digitisers can capture high-quality stills, display real-time on the desktop and compress full-size video.

Printmaker 0118 956 7947

Acorn friendly screen printer and vinyl graphics bureau – computer cut vinyl lettering and logos produced from Acorn drawfiles. Ideal for exhibitions, signwriting and vehicle liveries.Contact Chris Mercier.

Scottish Schools Equipment Research Centre 0131-558 8180

SSERC has produced quality Draw graphics since 1988 to build a vast library for science and technology education. All drawn to scale, searchable by keywords and using the same style throughout, the graphics are "a science teachers dream" (TES April 1997). Call us now to save TIME, MONEY and SANITY!

Spacetech 01305 822753

Brings studio-quality graphics to users of Acorn systems. The award-winning Photodesk range of applications sets the standard for graphics applications in the Acorn world. The powerful hardware drivers make digital cameras, scanners, drawing tablets and photo-quality printers easy-to-use. You will be amazed by the effects you can achieve using your own photography and artwork.

Warm Silence Software 0585 487642

Produces low-cost, high-quality multimedia software. ***MovieFS*** *(adopted by Acorn for the Network Computer) enables sound and video files in many different formats: Video for Windows (AVI), Quicktime (MOV), FLI/FLC, WAV, WVE, AIFF and more, to be played seamlessly through Acorn's Replay video system. While* ***VRview*** *is a player for Apple's new Quicktime VR (Virtual Reality) files.*

INTERNET / NETWORKING

INTERNET

Akalat Publishing 01582 881614

*Publishers of **Acorn Publisher**, a bi-monthly magazine for all those interested in desktop publishing, design, and graphics, plus multimedia and Internet publishing. ANT 01223 567808

*The **ANT Internet Suite** is the benchmark against which Internet solutions for Acorn computers are measured. Release II builds on this foundation adding a host of new features. ANT Limited is committed to the continual development of our software and our work with Acorn Network Computers enables us to develop the latest Internet technologies. The ANT Internet Suite is now available as a site licence and can be used accross a school network to provide intranet facilities.*

Argo Interactive Group 01243 815815

*Internet experts for the full range of computers – Acorn, Mac, Windows, and Network computers. The easy-to-use **Voyager Internet** access is updated on-line for ArgoNet subscribers. For flexible cross-platform mass storage the external Zip drive from Argo is ideal.*

Article Seven 01784 449052

Offers professional, low-cost graphic and Web design to all members of the Acorn community. Options include hosting as part of the Article 7 domain, and comprehensive maintenance packages, together with excellent site functionality, a focus on compatibility with all browsers (not just Netscape!), and an innovative visual approach.

Atomwide 01689 814500

We offer expert guidance to all Acorn users wishing to access the Internet. Offering everything from the award winning ANT Internet Suite and US Robotics modems for Acorn computers, to fully-featured Internet/intranet server-based solutions using ISDN or leased-line connection for mixed platform networks, Atomwide invariably has the answer.

First Computer Centre 0113 231 9444

Web authoring service. Get your corporate identity onto the Net. Your home page set up and maintained for you. Your company logo and artwork can be used. One-off job or contact work undertaken. Call for advice or quote – no obligation.

Inclusive Technology 0161-835 3677

Suppliers of education IT products for all learners including those with special needs. In addition to providing a wide range of powerful framework and curriculum-based resource materials for primary pupils, Inclusive Technology stock a comprehensive selection of access devices and software for users with special needs including adults.

Innovative Media Solutions 01934 522880

***Webmaster** is the Web site editor for Acorn RISC OS computers. Web site editing a chore? Want to use your free Web space but don't know how? Whatever your situation, Webmaster from IMS gives you the power to put your message across. From creating your site to testing and publishing, Webmaster offers comprehensive features.*

Intelligent Interfaces 01703 261514

The Dual Serial Interface Expansion Card enables high-speed (up to 230400 baud) Internet access. Full software support enables its use with the ANT Internet Suite, Intertalk, Voyager, Termite, etc. Modem, cable, card and communication software bundles are available. See the Peripherals and Upgrades section for other products.

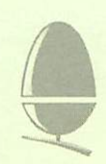

Quantum Software 01506 411162

*Innovative software and Internet site designers. Software includes **Keystroke, Blinds, Undelete** and an impressive Internet site – The Acorn Cybervillage. Call us for a quote for Web site or software development. Awarded best UK computer Web site in 1996. Free demonstration discs on request.*

R-Comp 01925 755043

*Award-winning software for the complete Web authoring solution. With the sophistication necessary for professional WWW authors but simple enough for total beginners. The popularity of **HTML Edit 3** and **The Web Designer's ToolKit** with educational users is not surprising. Complement your site with attractive tiled backgrounds created using the new **Textures** professional design software.*

Design IT 01902 894775

Consultancy, sales, support and installation of Acorn-based networking systems. All SJ Research products are covered (Econet/MDFS/NEXUS systems) providing a high-quality and cost-effective method of maintaining and supporting these systems. As an I-Cubed Preferred Dealer, Design IT can supply and install custom Ethernet solutions for both Acorn and PC platforms.

Desktop Projects 0161-474 0778

***QuickLynk** provides access to another RISC OS computer remotely using the serial port via modem or direct cable. Any filing system device can be accessed. Once connected, files can be transferred to/from each computer. Also includes passwording, auto-dialler and chat mode. Transfer rates range from 1.9kb/s to11.4kb/s. Requires RISC OS 3.1 or later. StrongARM and serial card compatible. Can be supplied with a cable. £32 inc VAT (cable extra).*

i-cubed 01223 566113

*The leading manufacturer of network interfaces for Acorn computers. With extensive experience in all aspects of network planning, design and installation, including alternative hardware platforms, we offer free network planning advice. Visit our Web site for **The Educational User's Guide to Ethernet**, or contact us for a printed copy.*

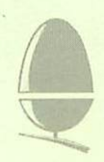

Room J Software 01736 762541

We supply complete and effective solutions for the management of Acorn Networks in education. Level 4 problems with passwords, user creation, scraps etc. Solved. Rapid and simple user creation – virtually instant password lookup. Printlimit cuts network printing costs. Networks "tuned" and problems sorted on site at a modest daily rate.

PERIPHERALS UPGRADES

ACE 00 49 231 7274260

*Acorn Computer Enterprises' **Connect 32** fast SCSI card, **Arm-Switcher, MIDI Interface,** MIDI SMPTE interface, V-Ram upgrade, 486 to 586/133 PC card upgrade, are all products made in Germany to a high standard.*

PERIPHERALS & UPGRADES

Aleph One **01223 811679**

*DOS and Windows 95/3.1 software and applications including PC CD-ROMs run on second processor cards in Risc PCs. 5*86 cards at 100MHz cost £339, with the latest software, and our customers get free software upgrades and famous product support.*

APDL **0181-778 2659**

The premier Acorn PD and shareware library. As well as huge amounts of materials on disc and CD (including our popular Clip Art CDs) we also sell low-cost software, hard drives and interfaces for all machines at low prices, plus our famous hard disc part-exchange scheme.

Atomwide **01689 814500**

As well as supplying fully configured systems, Atomwide can also provide a wide range of own brand of distributed accessories. These include our own VRAM upgrades for Risc PCs and our high-speed serial cards for all standard podule compatible Acorn 32-bit machines, CD-ROM and hard drives, DRAM and printers.

Castle Technology **01728 621222**

Produces a complete range of hardware upgrades for all Acorn computers, from the A305 through to the latest Risc PC and Net Station. From hard drives and CD-ROM drives to mice and replacement floppy disc drives. Scanners to MIDI interfaces. All these products are available all over the world from Australia to Zimbabwee.

Computer Concepts **01442 351000**

*Offers a wide variety of peripherals, including Canon inkjet printers with ultra-fast **TurboDriver** printers drivers, **Scanlight** handheld scanners and **Greyhawk** digitiser, **Wacom** graphics tablets, Genlock cards and a range of multimedia cards such as the **TV Tuner, MidiMax, Movie Magic MPEG** video player and **Lark**16-bit audio-sampling and play back card.*

Design IT **01902 894775**

Design IT produces a range of products including teletext systems for standalone or network use with Acorn or PC computers. RISC OS software allows control and monitoring via old BBC-based buffer boxes and a cost-effective solution to monitoring is also available. Memory and hard drives etc can also be supplied.

IFEL **01752 777106**

Supply peripherals for most types of Acorn computers, from the original A310 to the Risc PC. Upgrades include memory boards, processors, expansion cards, SIMMs, VRAM, hard discs and CD-ROMs. Complete Risc PC systems assembled to your specification. Dealer enquiries welcome and educational discount available.

Intelligent Interfaces **01703 261514**

Interface expansion cards: Dual Serial for high speed Internet access, IEEE488 for communicating with laboratory instruments, 16-bit parallel digital I/O, 12-bit analogue to digital converter, single width I/O, STEbus and ARINC429. Fortran 77 compiler and libraries. Internal and external IDE and SCSI storage products.

Irlam Instruments **01895 811401**

We specialise in multimedia products including scanners, digital cameras, audio/video digitisers and non-linear video editing systems. Complete colour scanning packages are available from hand-held to professional A4 flat-beds. Video digitisers can capture high-quality stills, display real-time on the desktop and compress full-size video.

Misen Electronics **01722 712256**

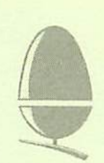

If you want to operate two printers (or other parallel port peripherals) from one printer port, then you should use a printer switch. Misen supply the best compact units which eliminate fumbling around at the back of the computer and the wear and tear caused at every plug change.

David Pilling **01253 852806**

***ArcFax** fax modem software. **ImageMaster** bitmap conversion, processing, scanning. **TWAIN** scanner drivers. **SparkFS** archive Zip etc. Filing systems. **CrossStar** puzzle solver. **Wordsquare. Spell** spellcheckers. **Panorama** maps. **Chess II** best chess program (with 3D display). **Bubble Help**. **Charm** programming language. Ask for catalogue or see Web pages for more details.*

Simtec Electronics **01772 812863**

Whether you need extra memory, a unique expandable Risc PC module or an enhanced IDE card, all our upgrades are designed and manufactured in-house to ensure long-term reliability. We offer a two-year warranty against manufacturing defects. Whatever your machine, if it needs upgrading choose Simtec, the quality upgrade – see inside back cover for details.

PERIPHERALS & UPGRADES / PROGRAMMING / SOUND & MUSIC

Tower Electronics **01651 891069**

An expert Acorn dealership – no chance of talking to a sales person with no RISC OS knowledge. Modems, EIDE/SCSI hard discs, SIMMs, scanners, printers, CD-ROMS, Risc PC slice upgrades, co-processor and all other Acorn hardware and software accessories at the keenest prices. Free 7-day telephone support line.

Stuart Tyrrell Developments **0976 255 256**

Offers a wide variety of products for both games players and serious users. Our range includes joypad, joystick and mouse interfaces, and bespoke solutions for "out of the ordinary" requirements. Call, write or email for a free catalogue detailing all our products and services.

Uniqueway **01222 464020**

*Suppliers of hardware for the Risc PC. Products include the **rapIDE 32** interface, for increased data transfer rates, the **Mozart** 16-bit digital soundcard and mixer, the **Audio Mixer,** and the latest in modular multimedia cards, **DeskTV**. We also supply hard disc and CD-ROM drives, PC card upgrades, memory upgrades and much more!*

PROGRAMMING

KeySoft **01925 730201**

Has been providing a high-quality programming service to the Acorn community since 1983. Offering bespoke programming to the general public, educational establishments and to other software houses at low rates. We even offer a FREE service to schools if we consider an application to be suitable for publication.

Warm Silence Software **0585 487642**

***Dr Smith's C Development Toolkit** is a must for both amateur and professional C programmers. **MemCheck** will help find the most obscure of bugs, and **HierProf** (a unique hierarchical profiler) will help you produce faster more reponsive code. As used by professionals throughout the Acorn world – even Acorn themselves.*

SOUND & MUSIC

Acorn Computer Enterprises **00 49 231 727 4260**

***Connect 32** fast SCSI card, **Arm-Switcher, Midi Interface, Midi SMPTE** Interface, V-Ram upgrade, 486 to 586/133 PC Card upgrade, all products made in Germany to a high standard.*

Computer Concepts **01442 351000**

*Offers a variety of sound and music software and hardware. **AudioWorks** is a complete suite of sound editing functions in one software package, which can be bought standalone, but is also included with the **Lark** 16-bit audio sampling and play back expansion card. **MidiMax** is a MIDI expansion card.*

For full company details see index on page 28

SOUND & MUSIC / UTILITIES

The Data Store **0181-460 8991**

Sibelius software specialists. If you need a demo of the best music processing software in the world, there's no better place to come! And because we're also on Acorn Centre of Technolgy you can get great advice and great prices on everything in the Acorn world.

Desktop Projects **0161-474 0778**

***QuickSound** loads, plays, converts and re-saves Armadeus, Tracker and raw sound samples and applies effects including Reverse, Echo, Max Vol, as well as altering the replay rate and re-sample frequency. Convert samples into RM or utility modules which can then be used in your own programs – this feature is not available on anyother sound package. On screen VU meter included. £12 inc VAT.*

Expressive Software Projects **0115 944 4140**

*ESP specialise in developing software and hardware for music and sound. We have a software midi synthesiser and a parallel port midi interface with various supporting products. Our music composition software includes a simple to use music program, called **ComposeWorld** and a rhythm editor called **RhythmMaker.***

Liquid Silicon **01592 592265**

Authorised Acorn dealers based in Scotland, we specialise in musical applications. Whether you are looking for the latest games, applications or a complete Sibelius-based typesetting system, Liquid Silicon can provide all you need at very competitive prices with knowledgeable backup. See our advert for further details.

Oregan Developments **0121-353 6044**

Specialises in audio and video solutions for the Acorn platform. Providing a wide range of software and hardware to suit needs, varying from education and amateur musicians to professional audio and multimedia engineers.

R-Comp Interactive **01925 755043**

***PC Sound Professional** provides all-round sound and music improvement for Acorn/Aleph1 PC Cards. Use Windows multimedia, play DOS games or record into Windows midi software. We offer a range of midi devices to complement the software, and specialise in complete music systems for home, professional and educational use.*

Sibelius Software **01223 302765**

*Sells the worldwide famous **Sibelius** music programs, plus computers, MIDI equipment and peripherals. The Sibelius programs are used by the Royal Academy of Music, BBC, and thousands of other conservatories, publishers, composers, arrangers, schools and amateur musicians in 25 countries. Sibelius Software also has an office in Hollywood, USA.*

Topologika Software **01326 377771**

*Looking for a home/school music pack to suit children/teachers who know little about music and aren't ready for notation? You need **Music Box**. Used in schools all over the UK, Music Box won the Gold Award for Primary Software Design at BETT '95. It is also featured in Xemplar's Junior Toolbox. Free demo by post or from our Web site. MIDI extension also available.*

UTILITIES

Circle Software **01208 850790**

*Established in 1981, we produce THE relational database for RISC OS. **Impact** is a modern, fully relational database designed for use by busy office staff, pupils, and professionals. It has a short learning curve. There is no language to learn, and its presentation conforms to familiar desktop standards.*

Crow Associates **01600 772532**

WORD PROCESSING

Computer Concepts **01442 351000**

***Impression Style** is the most popular word processor in the Acorn market, including many DTP features as well as powerful text editing ones. Supports effects and styles, 24-bit graphics, and includes online help, an integrated*

*spell-checker, Collins **WordWorks** thesaurus. WordWorks is also available as a standalone package, as is a separate RTF and WordPerfect loader/saver utility.*

Electronic Font Foundry **01344 875201**

*We supply highest quality typefaces for English and over 50 foreign languages, including Greek, Hebrew, Cyrillic, Bengali, Hindi, Tamil, Punjubi, Gujurati, as well as special scientific and symbolic fonts – ask for **FontBook** for Acorn. The lower-quality automatically hinted fonts we give FREE – ask for the CD-ROM with 4,000 fonts.*

Icon Technology **0116 254 6225**

*Has been developing word processors for over 10 years. Our products include **EasiWriter** with multi-columns, automatic table creation and multilngual spell-checking; **TechWriter** allowing you to type mathematical expressions into a document, without using a separate application, and our professional range which includes even more features.*
